

Developer Student Clubs

MESCOE, Pune

What is DSC ?

Google Developer Student Clubs(DSCs) are community groups for college and university students interested in Google developer technologies.

It allows students to try new ideas and collaborate to solve mobile and web development problems,machine learning and cloud skills.

Students from all undergraduate or graduate programs with an interest in growing as a developer are welcome.

Developer Student Clubs

AIM

To create university-based communities for students interested in Google technologies.

To flourish these communities with a vision to create-innovate-collaborate to build solutions for the future.

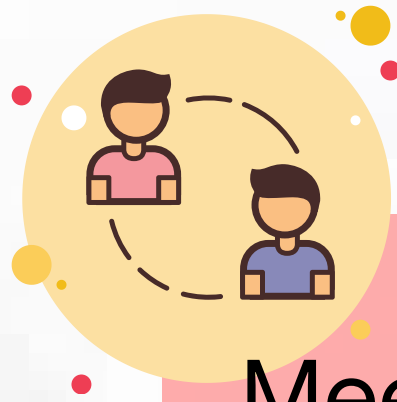

To equip and train students with essential skillsets to facilitate a smooth transition from graduation to working in a corporate.

Developer Student Clubs

OBJECTIVE

DSC MESCOE serves to bridge the gap between
Theory and Practice

Connect

Meet local developers and technologists including those with diverse backgrounds and from various companies and industries.

Learn

Learn about a range of technical topics and gain new skills through hands-on workshops, training, events, talks, and meetups - both online and in person.

Grow

Apply your knowledge and connections to build great products and advance your skills, career and network.
Give back to your community by helping others learn, too.
