

work@tech

MESCOE CAMPUS CHAPTER

More than a coding club.

ABOUT US

workat.tech campus chapters are programming clubs run by students who want to create a vibrant coding culture on their college campuses.

These clubs are actively run by official workat.tech campus representatives who are mentored by the workat.tech team.

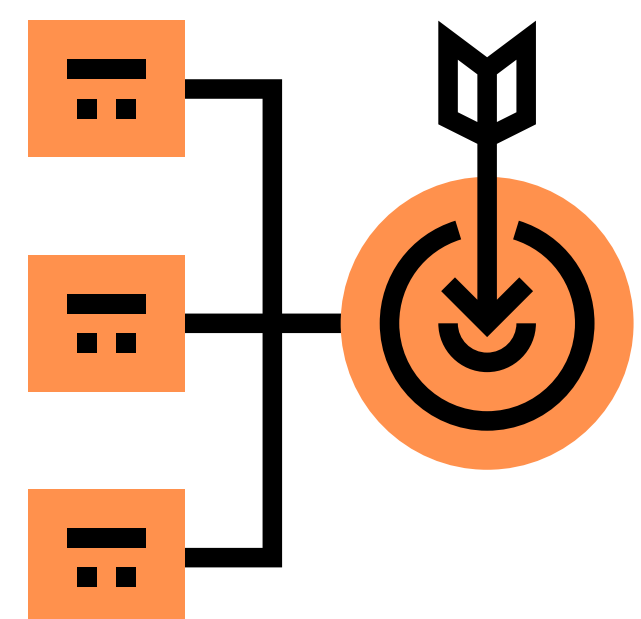

AIM

The primary aim of this initiative is to create great programmers across various campuses in India keeping in mind the recruitment processes of companies.

OBJECTIVES

Our goal is to replicate student-student teaching sessions across all engineering colleges in India. Since a good coding culture is student-driven, this is only possible through student initiatives.

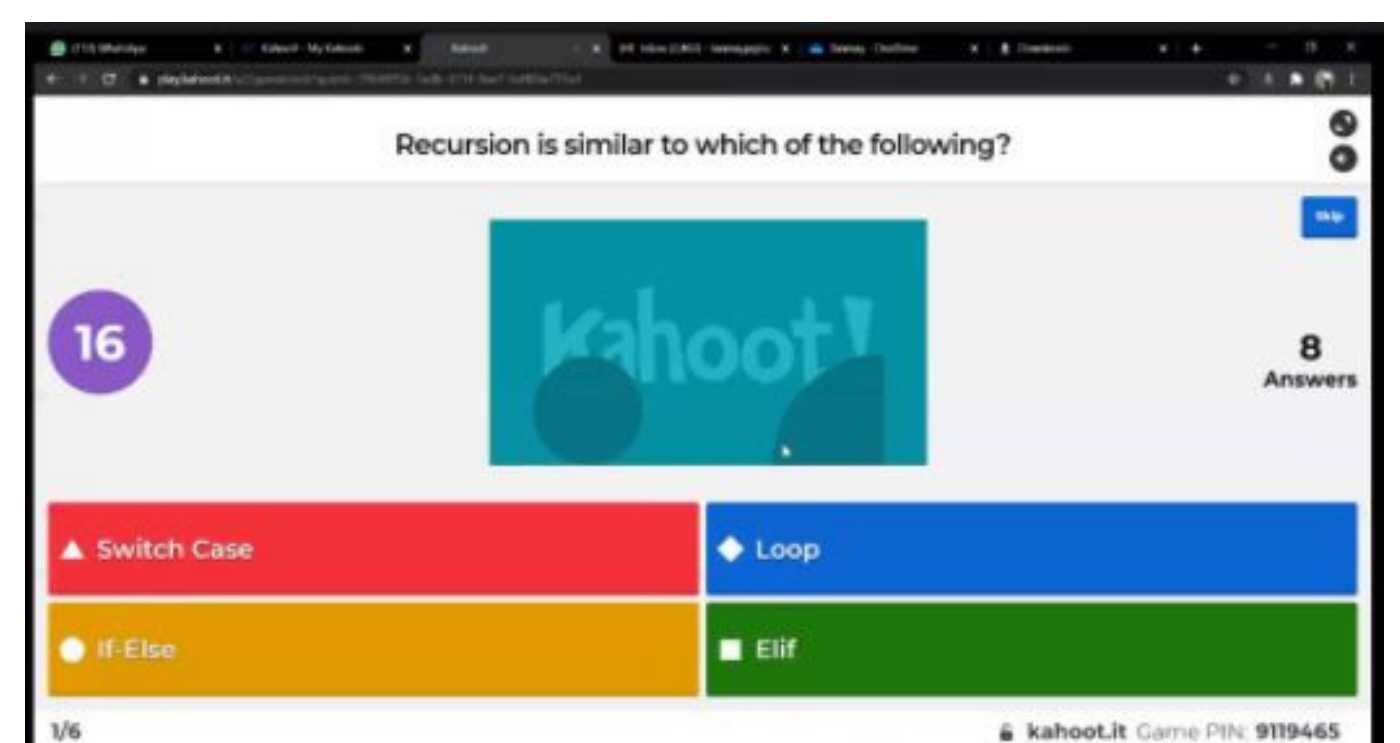

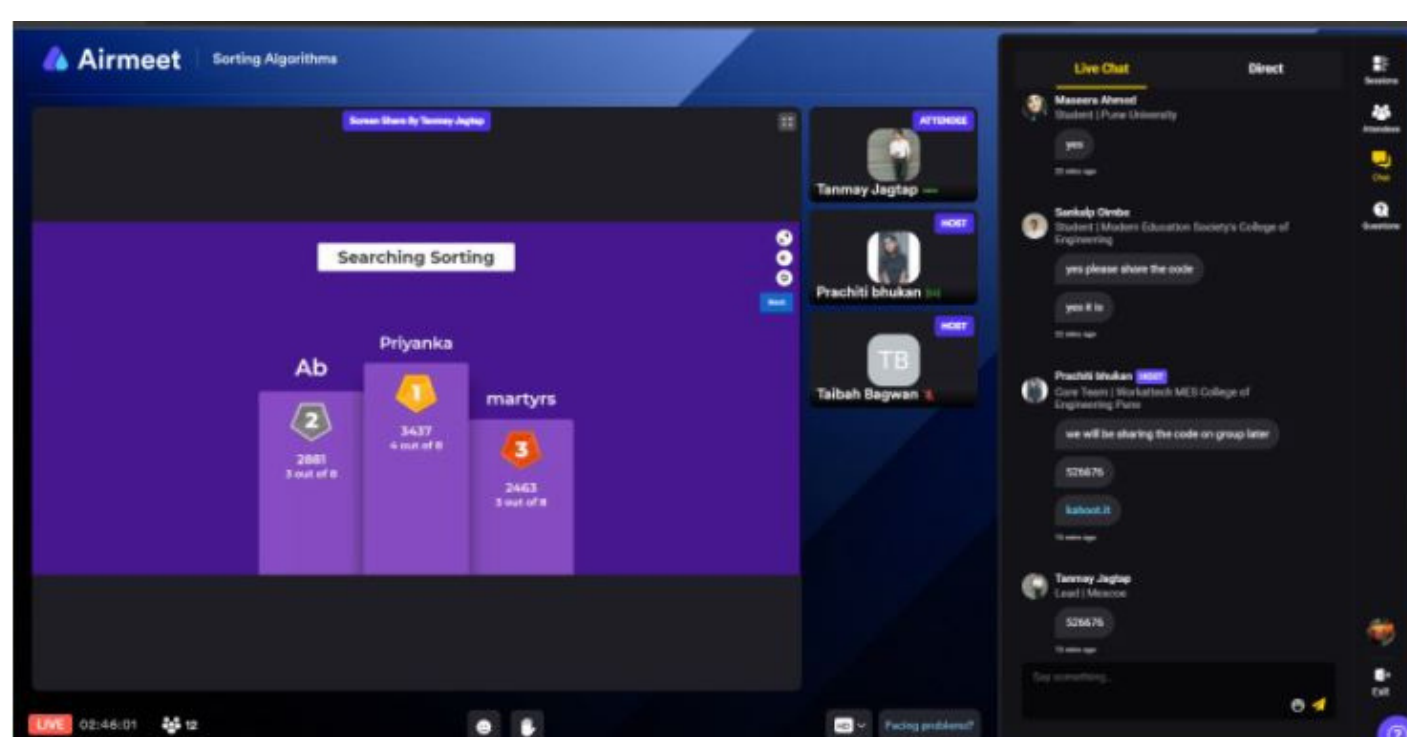

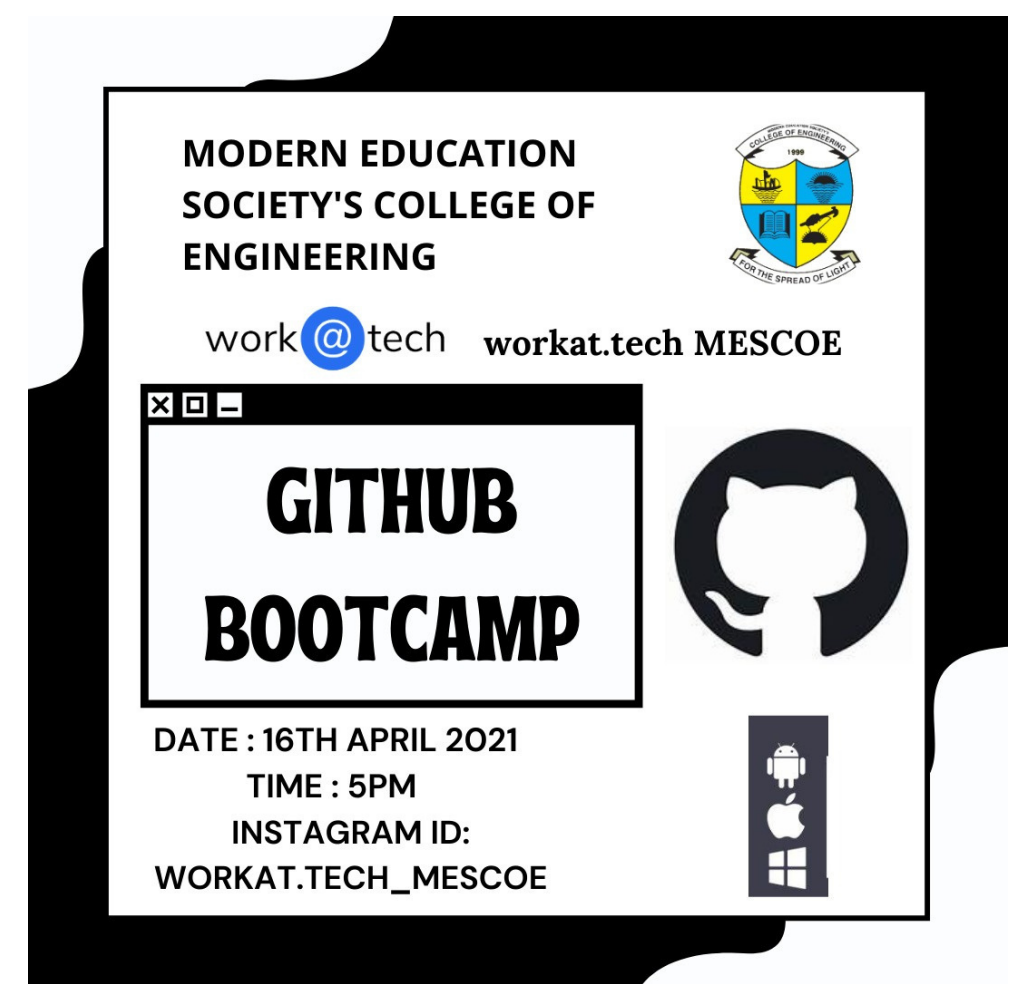

BENEFITS

- Swags/Prizes
- Contest platform where programming contests are hosted to help you get better. Prizes for the winners of course :)
- Access to exclusive resources and webinars/workshops only available to workat.tech members
- Certificate and perks for members of active campus chapters
- Exclusive discounts on workat.tech programs for students of colleges with an active campus chapter
- Become part of a coding community where :
 - You're provided a clear roadmap for building your basics
 - You're given a platform to practice programming

EVENTS

- Kahoot quiz competitions
- Coding contests
- Webinars and expert sessions
- GitHub bootcamp
- Sessions on DSA topics such as linked lists, arrays, searching and sorting, algorithm and time complexities, recursion and problem solving, etc.
- Sessions on web development
- Coding sessions for beginners
- Guests lectures from working professionals
- Developing and project building bootcamps
- Competitive programming
