**M.E.S College of Engineering, Pune-01.**

**Academic Year 2019-20**

**ACTIVITY NAME:** 'HOW CAN I 'WORKSHOP

**Day &Date: Venue:** Mescoe Seminar hall

**Participants:** FE Students

**Speaker:** Mr.Prantik

**Total Student Count:**100

**Time:** 1PM to 10.00 PM

**Objective of Power Of Mind:** To motivate students in the overall personality development.

**Report:** First Year Engineering department under **MES Quality Improvement Cell** ,conducted Mental Ability Test on 23 November 2019 for First year students under the guidance of Prof.G.C.Kulkarni.

The students who has scored less than 30% marks were selected for the workshop.

To create their interest in the academics and for the better performance the First Year Engineering Department had organized workshop '**HOW CAN I**' on **20Feb 2020**.**The speaker was Mr.Praantik Panigrahi .Participants for the workshop were** the First Year Students who has poor performance in Mental Ability Test  
He has focused on the following points:

Students enjoyed a lot all the session .He has focused on the positive affirmations and meditation.  
Also college has provided snacks and dinner to the students.

## MENTAL ABILITY AND ENGLISH LANGUAGE TEST MARK LIST AND ANALYSIS

Roll No. / PRN:

519111058

Date of Result/Analysis: 15.01.2020

Name of Student :

PAWAR HARSHAL AVINASH

Mental Ability test	Mathematics	English	Total	Percentage
(80)	(20)	(50)	(150)	
22	3	45	70	46.67

### STATISTICAL ANALYSIS

#### Overall Performance

Overall Good Performance

Overall Strike Rate (OSR) : 100.00

Overall strike rate is Excellent

Overall Correct Strike Rate (OCSR) : 46.67

Considering your Overall correct strike rate, the performance has to improve.

Speed : 48.00 sec/question (Ideal value for this is 48 sec/question)

Your speed of answering the questions is very good.

#### Difficulty Levelwise Performance :

Correct Strike Rate for Lower Level Questionns : 40.58

Correct Strike Rate for Higher Level Questionns : 52.73

You are able to solve higher level questions better than lower level questions; most probably because you have spent more time on higher level questions

### ABILITYWISE ANALYSIS

#### Mental Ability Test and Mathematics

##### Analysis :

Your ability to recognise the relationship between given set of numbers, letters, words and figures is good. But you will have to improve your logical thinking, power of imagination and observing the figures minutely. Do not try to guess the answer.

##### Logical Thinking :

You will have to be more objective rather than subjective in your thinking and imagination. Think logically and imaginatively to find the relationship amongst given set of numbers, letters and figures. Improvement is possible.

##### Intellectual Thinking :

In order to solve complex problems, you need to use your abilities such as imagination, application and prediction. All these abilities are bestowed by nature on each and everyone. Try to use them. Improvement is possible with practice.

##### Classification :

Your ability to classify and categories the given group of words, numbers, figures is not reflected properly. Think logically, observe minutely and imagine fruitfully to get the answer. Efforts are necessary.

##### Coding and Decoding :

It seems that you have no previous experience of solving such problems. Abilities such as thinking analytically, convergently and divergently have not been properly used by you, though these abilities are reflected in solving some other problems. Practice is must.

##### Logical Conclusions :

Though your ability to think logically is good, you will have to learn how to think divergently and convergently. You should be highly objective rather than subjective. Efforts are necessary for improvement.

##### Data Interpretation :

Your ability to analyse given data and judging the factors which control data need to be taken care of. Sometimes your analysis is good but the logical inference drawn is not as expected. This is one of the most important aspect of your personality and the targets

to be achieved. Better start practicing now.

**Basic Mathematics :**

Basic mathematics concepts are either weak or may be forgotten. Try to improve the speed of your calculations. As far as possible try to do the calculations without use of paper, pencil and calculator. Revision of mathematics using text books from Std. VII to X is necessary. This will definitely improve your performance.

**Imaginations :**

It seems that you are not serious enough to solve problems involving two and three dimensional shapes and sizes of the objects and figures. You are also finding it difficult to identify the given figure or object after rotation. Practicing such problems will certainly improve your scores.

## ENGLISH

**Vocabulary and Grammar :**

Knowledge of the meaning of english words, their synonymes and antonymes and their spellings is extremely good. Still there is scope for improvement with respect to the synonymes and antonymes.

**Grammar :**

Your ability to use english language in gramatically correct way is very good. However, still there is scope for further improvement.

**Comprehension :**

Very good ability to comprehend prose as well as poetry. You can read between the lines and judge the situation very well. You can nicely appreciate the ideas expressed in the prose and poetry.

**Correct usage of English :**

Using the english words, idioms and phrases correctly and effectively is prominently noticed. Framing of sentences without gramatical mistakes is also noted. You can communicate your thoughts correctly and effectively.

Proposal for Revenue Generation Training on Big Data course

To,  
The Principal,  
MESCOE,  
Pune

**Subject: Permission for Conducting Short Term Training programme on  
BIG DATA under Grant and Revenue Generation Scheme.**

Respected Sir,

Department of Computer Engineering is planning to conduct Short +  
Term Courses for MESCOE Students and outside students. The course will conduct  
weekends in Centre of Excellence High Performance Computing (Lab No. 304)

Course Details are as Follows.

Sr. No.	Name of the Course	Course Duration	Resource Person	Fees in Rs	No. of Students
1	Big Data	50 Hrs	Mr. Swarup Pachpol Globeminds Technologies	9000/- Per Student	10

IETE Pune Center approved and IEEE Signal Processing Society Sponsored, 7<sup>th</sup> National Conference on 'Advancements in Communication, Computing and Electronics Technology [ACCET-2021] was organized by the Department of E&TC Engineering on 19<sup>th</sup> June 2021. There has been a huge response to the call-for-papers for the Conference ACCET-2021.

Around 74 numbers of full length papers have been received from the researchers, academicians and industry persons of the leading organizations, institutes and industries, not only from Maharashtra like Nashik, Baramati, Ahmednagar, Shirpur, Karad, Jintur, Solapur, Nagpur, Akola and Pune region, but also from out-states places such as Tamilnadu, Karnataka, Bihar, Chhattisgarh, West Bengal, Andhra Pradesh, Jharkhand, Rajasthan, Haryana.

A committee of 21 reviewers put in their efforts to filter 69 good quality technical papers out of approximately 74 received ones. Total 57 Paper were presented on the day of conference. The observations and suggestions by the reviewers were helpful to the authors for further improvements in their papers. A total of 31 papers are sent for publication in IOSR-JEN.

On the day of the conference, i.e. on Saturday 19<sup>th</sup> June 2021, the Inaugural Function was arranged in online mode on Microsoft Teams at 10 am. Prof. M. M. Dhanvijay, the conference Co-coordinator, gave the introductory speech and greeted the dignitaries and the participants. The inaugural function was hosted by Dr. K. S. Tiwari. The function was started with 'Saraswati Poojan' by playing audio tune in the presence of the dignitaries.

Dr. P. P. Mane, the conference convener, presented the key points about the conference in her welcome address.

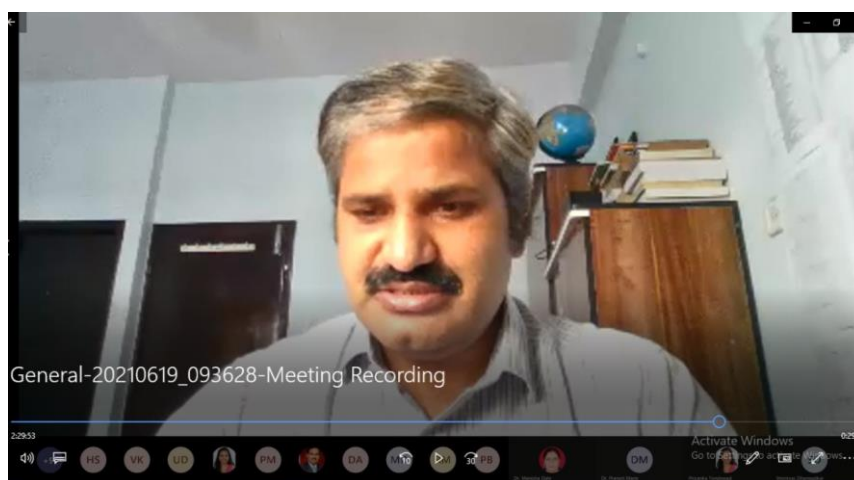

Dr. M. P. Dale, Vice Principal highlighted the important activities of the college and gave best wishes to ACCET-2021.

Later the unveiling of the conference Souvenir was taken place facilitated by Dr. P. N. Kota. Dr. P. P. Mane, H.O.D., E & Tc. encouraged the participants with her motivating speech. Dr. A. J. Hake, Life Member, M. E. Society elaborated the significance of paper presentation and publication. Principal Dr. S. S. Sarawade mentioned the importance of the conference in his speech.

The function was also graced by the Guest of honour and the key-note speaker Dr. Ram Bilas Pachori

Professor, Department of Electrical Engineering, Indian Institute of Technology Indore. The audience were addressed by Chief Guest, Prof. Dr. D. S. Bormane, Principal, AISSMS COE, Pune and Co-coordinator, BOS, Electronics, SPPU, Pune.

The function was concluded with the vote of thanks by Dr. P. P. Mane.

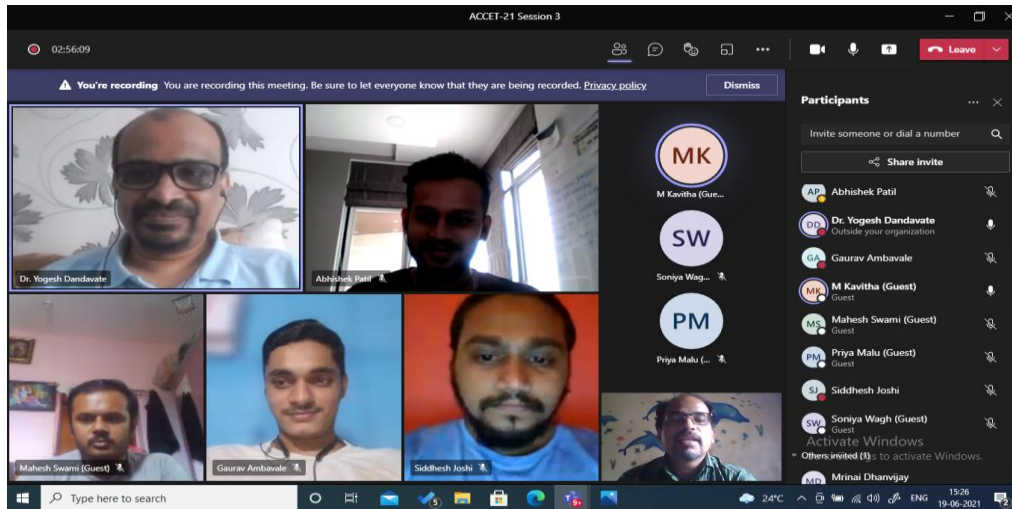

Dr. Ram Bilas Pachori while presenting keynote speech.

The key note address was given by Dr. Ram Bilas Pachori after the inaugural function on the topic Fourier-Bessel series expansion based empirical wavelet transform for non-stationary signals.

**After lunch, the paper presentation sessions were started in online mode on Microsoft Teams. Twelve parallel sessions of paper presentation were conducted.**

**• Approach used for supporting weak and bright students**

Teaching in the class is on the basis of knowledge sharing to meet the needs of students having various understanding levels. Students are classified as a bright student and weak student depending upon performance in class i.e. how easily he/she can understand the course and also on the basis of marks obtained in class tests.

**Bright students are identified on the basis of following criteria:**

- Student’s University examination result of SE semester one.
- Students who are inquisitive and proactive during interaction in lectures and laboratory sessions are identified by faculty members.
- Student’s extent of participation in co-curricular and extracurricular activities.

**The bright students are motivated with initiatives such as:**

- Encouraging them to participate in co-curricular and extracurricular activities.
- Recommending students to participate in sports and NSS activities.
- Students are advised to perform research work in their area of interest and publish it in reputed journals. Students are guided for acquiring grants from various bodies.
- Meritorious students of all the disciplines are awarded each year during the annual gathering. (Jhankaar) Figure shows Performance graph of bright students.

Table Semester-wise performance of Bright Students

Name of Student	Semester					
	III	IV	V	VI	VII	VIII
Kale Komal Chandrakant	73.07%	69.20%	75.86%	76.40%	79.73%	83.46%
Sant Ashay Vivek	72.13%	75.47%	70.40%	75.07%	79.33%	82.27%
Deshmukh Sheetal Bhausahab	62.67%	69.47%	73.33%	68.80%	76.67%	76.94%

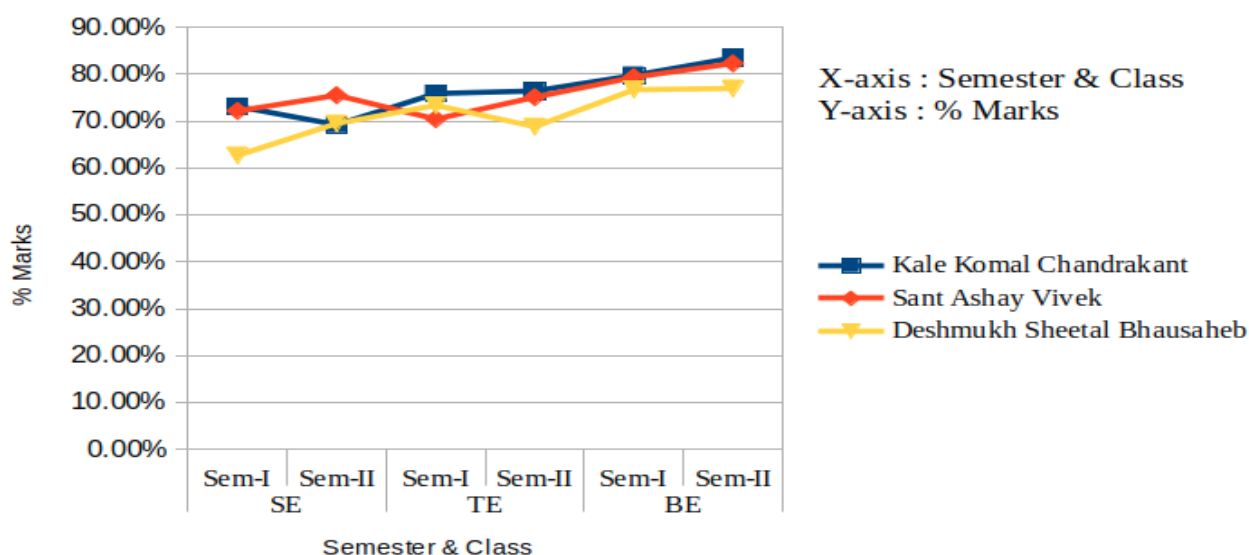

Figure: Performance graph of bright students

**Weak students are identified by the following criteria:**

- Student’s SE semester one University examination result.
- Students whose basic concepts are weak.

- Students who are distracted and inactive during interaction in lectures and laboratory sessions are identified by faculty members. Figure 2.2.1.5 shows Performance graph of weak students.

**To solve the problem of weak students, the department adopts different methodologies such as:**

- As per performance in examination, weak students attend remedial classes so as to clarify their doubts and revise their basic concepts.
- Making students solve previous years question papers, assignments etc.
- During informal discussions, faculty member guides a student to improve his/her academic performance.
- Parent-teachers regularly conduct meetings regarding the progress of their mentees and are responsible for monitoring the performance of students. Counseling of academically weak students is done and their performance is intimated to their parents. Parent-teachers motivate weak students by discussing academic performance as well as personal problems.

Table Semester-wise performance of Weak Students

Name of Student	Semester

## MENTAL ABILITY AND ENGLISH LANGUAGE TEST MARK LIST AND ANALYSIS

Roll No. / PRN:

S19111058

Date of Result/Analysis: 15.01.2020

Name of Student :

PAWAR HARSHAL AVINASH

Mental Ability test	Mathematics	English	Total	Percentage
(80)	(20)	(50)	(150)	
22	3	45	70	46.67

### STATISTICAL ANALYSIS

#### Overall Performance

Overall Good Performance

Overall Strike Rate (OSR) : 100.00

Overall strike rate is Excellent

Overall Correct Strike Rate (OCSR) : 46.67

Considering your Overall correct strike rate, the performance has to improve.

Speed : 48.00 sec/question (Ideal value for this is 48 sec/question)

Your speed of answering the questions is very good.

#### Difficulty Levelwise Performance :

Correct Strike Rate for Lower Level Questionns : 40.58

Correct Strike Rate for Higher Level Questionns : 52.73

You are able to solve higher level questions better than lower level questions; most probably because you have spent more time on higher level questions

### ABILITYWISE ANALYSIS

#### Mental Ability Test and Mathematics

##### Analysis :

Your ability to recognise the relationship between given set of numbers, letters, words and figures is good. But you will have to improve your logical thinking, power of imagination and observing the figures minutely. Do not try to guess the answer.

##### Logical Thinking :

You will have to be more objective rather than subjective in your thinking and imagination. Think logically and imaginatively to find the relationship amongst given set of numbers, letters and figures. Improvement is possible.

##### Intellectual Thinking :

In order to solve complex problems, you need to use your abilities such as imagination, application and prediction. All these abilities are bestowed by nature on each and everyone. Try to use them. Improvement is possible with practice.

##### Classification :

Your ability to classify and categories the given group of words, numbers, figures is not reflected properly. Think logically, observe minutely and imagine fruitfully to get the answer. Efforts are necessary.

##### Coding and Decoding :

It seems that you have no previous experience of solving such problems. Abilities such as thinking analytically, convergently and divergently have not been properly used by you, though these abilities are reflected in solving some other problems. Practice is must.

##### Logical Conclusions :

Though your ability to think logically is good, you will have to learn how to think divergently and convergently. You should be highly objective rather than subjective. Efforts are necessary for improvement.

##### Data Interpretation :

Your ability to analyse given data and judging the factors which control data need to be taken care of. Sometimes your analysis is good but the logical inference drawn is not as expected. This is one of the most important aspect of your personality and the targets

to be achieved. Better start practicing now.

**Basic Mathematics :**

Basic mathematics concepts are either weak or may be forgotten. Try to improve the speed of your calculations. As far as possible try to do the calculations without use of paper, pencil and calculator. Revision of mathematics using text books from Std. VII to X is necessary. This will definitely improve your performance.

**Imaginations :**

It seems that you are not serious enough to solve problems involving two and three dimensional shapes and sizes of the objects and figures. You are also finding it difficult to identify the given figure or object after rotation. Practicing such problems will certainly improve your scores.

## ENGLISH

**Vocabulary and Grammar :**

Knowledge of the meaning of english words, their synonymes and antonymes and their spellings is extremely good. Still there is scope for improvement with respect to the synonymes and antonymes.

**Grammar :**

Your ability to use english language in gramatically correct way is very good. However, still there is scope for further improvement.

**Comprehension :**

Very good ability to comprehend prose as well as poetry. You can read between the lines and judge the situation very well. You can nicely appreciate the ideas expressed in the prose and poetry.

**Correct usage of English :**

Using the english words, idioms and phrases correctly and effectively is prominently noticed. Framing of sentences without gramatical mistakes is also noted. You can communicate your thoughts correctly and effectively.

## Conference Report

**Name of the Activity: ACCET 2021- National Conference**

**Date of Activity: 19 / 06 / 2021**

**Venue: Online on Microsoft Teams Platform.**

IETE Pune Center approved and IEEE Signal Processing Society Sponsored, 7<sup>th</sup> National Conference on 'Advancements in Communication, Computing and Electronics Technology [ACCET-2021] was organized by the Department of E&TC Engineering on 19<sup>th</sup> June 2021. There has been a huge response to the call-for-papers for the Conference ACCET-2021.

Around 74 numbers of full length papers have been received from the researchers, academicians and industry persons of the leading organizations, institutes and industries, not only from Maharashtra like Nashik, Baramati, Ahmednagar, Shirpur, Karad, Jintur, Solapur, Nagpur, Akola and Pune region, but also from out-states places such as Tamilnadu, Karnataka, Bihar, Chhattisgarh, West Bengal, Andhra Pradesh, Jharkhand, Rajasthan, Haryana.

A committee of 21 reviewers put in their efforts to filter 69 good quality technical papers out of approximately 74 received ones. Total 57 Paper were presented on the day of conference. The observations and suggestions by the reviewers were helpful to the authors for further improvements in their papers. A total of 31 papers are sent for publication in IOSR-JEN.

The conference was approved by IETE Pune centre and Sponsored by IEEE Signal Processing Society Pune division. Selected Papers will be published in Scopus / UGC listed Journal and author will bear the cost of publication.

In order to motivate the participants, we have announced the 'Best Paper Award' for the papers from each category. By and large these technical papers added a true value in current research and development trends in the field of Communication, Computing and Electronics Engineering.

### ACCET-2021 Schedule

June 19<sup>th</sup>, 2021 Saturday,  
09:30 – 10:50 Opening Ceremony  
11:00 – 12:30 Keynote Sessions

The key note address was given by Dr. Ram Bilas Pachori after the inaugural function on the topic Fourier-Bessel series expansion based empirical wavelet transform for non-stationary signals.

**After lunch, the paper presentation sessions were started in online mode on Microsoft Teams. Twelve parallel sessions of paper presentation were conducted.**

Session	Internal session chair	External session chair
S1	Dr. P. P. Mane and Prof. P.H. Mohite	Dr. D. K. Shedge
S2	Dr. K. S. Tiwari and Prof. P. S. Tondewad	Dr. B. D. Jadhav
S3	Dr. P. N. Kota	Dr. Y. H. Dandwate
S4	Prof. B. M. Narute and Prof. Pratiksha Nandanwar	Dr. Mithra
S5	Dr. M. P. Dale and Prof. N. Masood	Dr Rajesh Bodade
S6	Prof. Y. M Ajgar	Dr. Shailendra Badwaik
S7	Dr. P. B. Chopade	Dr. Prachi R.
S8	Prof. U. V. Bomble	Dr. Vrushali G Raut
S9	Prof. A. A. Dhavlikar	Dr. Vinayak Bairagi
S10	Prof. S. N. Dharwadkar	Dr. Somnath Dhonde

S11	Prof. Priyanka Bagul	Prof. Anagha Kunte
S12	Prof. S. S. Pansare and Prof. U. D. Dattasamjhe	Dr. Varsha Harpale

Best paper Awards based on technical contents and presentation skills, are given to the presenters from each session.
